16 JAN 1980

MEMORANDUM FOR: Chief, Support Staff, NPIC
 FROM: James H. McDonald
 Director of Logistics
 SUBJECT: GSA Work Order Procedures
 REFERENCE: Memo to C/SS/NPIC from C/RECD/OL
 dtd 12 Sep 74 same subj

6

1. The reference memo identified Agency organizational approval levels and delegated both approval and technical authority. A copy of the reference is included for your convenience, and it may be noted in paragraph 2a that approval authority was specifically delegated to Chief, Logistics Branch, and technical authority specifically to Chief, Engineering and Maintenance Section.

STAT

2. As technical approval requires the specialized expertise of an experienced engineer, this authority should remain as is, i.e., up to \$10,000 by the [redacted]. However, approval authority need not necessarily be restricted to a sole position. To provide NPIC with flexibility in assigning approval levels consistent with project demands and personnel qualifications, paragraph 2a of the reference is amended as follows:

STAT

Chief, Support Staff, NPIC is delegated \$10,000 approval and [redacted] is delegated \$10,000 technical authority. The C/SS/NPIC may redelegate the approval authority, in writing, to qualified individuals under his command. A copy of each such redelegation shall be forwarded to the OL.

STAT

STAT

STAT
 STAT

3. The above delegations are in accordance with [redacted]. Please contact Mr. [redacted] Chief, Real Estate and Construction Division, OL, if further clarification of the delegation is desired.

J - C/EGME NPIC
